Karla Ostermann
Shawn Taddiken
Kirstin Wernecke

The TVL administrators met this morning to outline league attendance polices for Jan. 29 through the end of the regular season. Here it is:
1. Away teams--- will only be allowed to bring parents/guardians only and are on the parent/guardian list and will check in at the gate. Individual schools may use the option to limit further if needed. That will be communicated.
2. No cheerleaders at away games
3. Home teams----can use what their gym allows as well as county health and school board guidelines up to 4/participant no more than 50% capacity. Individual schools may use the option to limit further if needed. This will be communicated.

What does this mean for CCHS home games? CCHS participants (basketball players, managers, cheerleaders, and photo journalists) will each receive 4 tickets to the home games. Coaches will each receive 2 tickets to home games. Visiting fans will be allowed parents only for the participants.

We will do our best to communicate if there are parent restrictions when we travel to away games. However, at this time, all parents listed on the sheet are able to attend.

Also, please see link for a copy of the TVL Spectator's Code of Ethics that was adopted earlier this year: https://5il.co/ovlp

Lastly, at this time, the only CCMS games that are after Jan. 28 are their tournament games. The BVL is still reviewing and discussing what will happen there.

If you have any questions please contact Art Baker at CCHS or abaker@usd224.com
