Central Kansas League

2020-2021 COVID Guidelines

(starting January 29, 2021)

These are the guidelines that we, as a league, will be following at all sites. Obviously, if city/county guidelines are more stringent, those guidelines will need to be enforced and conveyed to the visiting schools.

- Fan Attendance:
  - Home: Maximum of 4 spectators per participant(s) family
  - Away: Maximum of 2 spectators per participant(s) family
  - Names must be on the pass list to be admitted
  - Schools have the right to be more restrictive if local guidelines require it or social distancing cannot be maintained.
    - For example: Small gyms and wrestling events will be more restrictive
- All Events:
  - Essential personnel only on the court
  - No pre- or post-game fan gatherings on the court or other places inside the school facilities.
  - Modified post-game sportsmanship
  - Masks will be required to be worn by everyone except the current activity participants
    - This includes, but not limited to, coaches, players on the bench, people at the score table and gate workers.
  - Social distancing required. (stay in family units)
  - We are requesting that parents/guardians only attend the games their kids are playing in.
- Temp checks:
  - Teams will need to do temp checks prior to loading buses for away activities
- Live Streaming (Middle/High School)
  - Each school will do their best to live stream all events
  - Schools are to inform visiting schools of the link to their live streaming
