Dyslexia Report for 2021-2022
Fayette County School Corporation
#2395

Dyslexia Program:

During the 2021-2022 school year, Fayette County School Corporation used the research-based intervention kit by Susan Barton to provide instruction to all students in need of intervention. The Intervention kits were used in small group to address any student with a deficit in the areas identified as exhibiting the characteristics of dyslexia.

Number of Students Who Received Dyslexia Intervention:

During the 2021-2022 school year, 131 students attending Fayette County School District received dyslexia intervention services.

Total Number of Students Identified as Exhibiting the Characteristics of Dyslexia:

During the 2021-2022 school year, 613 students were given the universal screener, Map for Fluency Dyslexia Screener, for Dyslexia. Of the students that took the screener, 236 were flagged, 131 students received interventions, and 7 students were officially diagnosed with characteristics of dyslexia.

Data submitted by Stephanie Poe, Reading Specialist/Dyslexia Interventionist in response to IC 20-35.5
