AP Statistics Summer Work 2023

- ☐ Join the Remind group by texting @dupstats24 to 81010. You can use this to ask me questions during the summer.
- ☐ Join the Khan Academy Class by going to khanacademy.org/join and entering code C82Z52ZU.
  - ☐ You need to login with your Shelbyed email address and use that each time to progress through the lessons. The course is called "Get Ready for AP Statistics," and it is designed to lay the groundwork for the year.
  - ☐ There are 5 modules / units to complete with multiple lessons on each one.
    - ☐ This is not an assignment you can cram in the last week of summer. Pace yourself throughout the summer and set a goal to complete a unit every other week. There are 102 individual components for the course.
    - ☐ Each person's question set is unique and there is a cut score needed to go through each lesson, so pay attention and take notes as you go!
  - ☐ The course is due on August 9, 2023, at 11:59 pm. You will be graded 3 ways.
    - ☐ There will be a bronze grade (100 points) for completion.
    - ☐ There will be a silver grade (100 points) for accuracy on the assessments built into the course.
    - ☐ Course material will also be assessed in class on Wednesday, August 16, for a GOLD grade.
- ☐ SUPPLIES NEEDED FOR AP STATS:
  - ☐ Binder with 5 dividers
  - ☐ Pencil
  - ☐ Colored pens or pencils
  - ☐ NumWorks Calculator (this is a College Board approved calculator that is cheaper than the traditional TI-84 and more user-friendly).
    - ☐ You may order it individually at numworks.com or you can purchase through the school's bulk order and save $10. Information will be coming out on listserv later regarding the order.
