NCOE Parents,

Friday, November 20th, is marked on the school calendar as a Remote Learning Day. This day is considered a student attendance day and students will be expected to engage in learning from home. This is the first time we will utilize an E-Learning day and is a great opportunity for students and parents to become familiar with this new process. Since this is the first day to utilize our E-Learning Plan, we will make this day as simplistic as possible for everyone. Details of the NCOE E-Learning procedure is available on the district website https://www.ncoecusd3.org/article/289529?org=ncoe-cusd-3

Also, with winter months approaching and the potential for inclement weather, we want everyone to be aware of our E-Learning Plan. So, if/when we would typically have to cancel school due to inclement weather or hazardous road conditions we will now be able to utilize our E-Learning Plan and students will be able to engage in learning remotely and not miss out on their education. As a result, E-Learning Days, unlike a snow day, counts toward student attendance days and will not have to be made-up at the end of the year. We feel as though our students can benefit from this to help with the continuity of learning. As a reminder, NCOE has Wi-Fi accessibility at each school building's parking lots, Omaha General Baptist parking lot, Springerton Community Church parking lot, and the Norris City Public Library.

This is all new to everyone and we want to make this information and transition to E-Learning as smoothly as possible. Should you have any questions or concerns, feel free to contact your child's building principal and/or teacher. Thank you for all your support and patience during this ever changing and challenging time!

Also, breakfast and lunch will be available for students on Friday, November 20th. If you would like a breakfast or lunch for your child please call the school by the end of the day on Monday, November 16, 2020.

Sincerely,

Matthew J. Vollman

Superintendent
