Security System

2015-2016 Goals

- **Develop and complete a 3-5 year PreK-12 strategic plan** -We have partnered with the New England School Development Council (NESDEC) to develop a strategic plan for the district.
- **Complete a recommendation to align the elementary school starting and ending times and/or extend the school day** -The Elementary School Day Committee has been hard at work looking at ways to improve the structure of our elementary school days. We plan to make a recommendation in the next few months.
- **Implement Envision 2.0 Mathematics in grades K-5-** This comprehensive math program is aligned with the Massachusetts Mathematics Frameworks and will bring consistency to math instruction among classrooms and buildings.

2015-2016 Goals

- **Expand and refine our technology and 1 to 1 learning**-Every senior at MHS received a Chromebook computer at the beginning of the year. This expands our 1 to 1 from Grades 6-12. We have also deployed Chromebooks and iPads throughout our elementary schools. We will continue to gather feedback as we assess the 1 to 1 learning in Grades 6-12.
- **Establish a World Language Steering/Study group**-This group will be comprised of teachers, parents and administrators as we review the World Language program in our elementary schools.
- **Complete district/ town wide field study**- We have partnered with Pare Corporation to study the condition and adequacy of our school and town fields. Pare will issue a report to us with recommendations for field replacement or construction.

2015-2016 Goals

- **Implement Educator Evaluation Standards III and IV**-We will be implementing the last two standards involved in the new evaluation model. These standards are *Family and Community Engagement* and *Professional Culture.*
- **Utilize Metro West Health Survey data to support Social/Emotional Learning**- The district will continue to use data to help our students' wellness. We plan to post the most recent survey data on our website.
- **Submit a Statement of Interest (SOI) for a new Dale St School**-We will take the first step in the process of a replacement for the Dale St. School. Acceptance of the SOI will get us on the long list of potential school projects in Massachusetts.
- **Complete Wheelock Boiler Project**-This project is going out to bid in January and is scheduled to begin as soon as the students leave in June. Medfield will receive $187,000 in reimbursements for this project.

Strategic Plan

- Subcommittee was established by the School Committee
  - Anna Mae O'Shea Brooke, Tim Bonfatti and superintendent
- Consultants were hired
  - NESDEC- New School Development Council
- Subcommittee and NESDEC map out timeline
  - October-Initial planning meetings
  - November- 6 to 8 focus groups
  - December- Survey development
  - January- Conduct survey
  - February- Develop goals
  - March –May- Action items, responsibilities, finalize plan
  - August 2016- Implement 5 year plan

2015-2016 School Year

- What topics are important to you?

- What would you like to see on a future agenda?
