MISS KIRKPATRICK'S
5th Math
April 20-24th

Hello! This is the work for my 5th Grade Math class. The students need to complete these three assignments for the week of April 20h-April 24th. These assignments are due on Google Classroom by April 27th. The three assignments are due April 20th. For the multiplication facts worksheets, time your child and have them stop working on it after five minutes.Then have your child write down the facts they missed on the back of the paper or on a seperate piece of paper. I am also attaching a place value paper to help your child when rounding. If you have any questions or concerns, please email me at kelsey.kirkpatrick@wolfcreeklocal.org.

Assignment 1

- Dividing Decimals Worksheet (*helpful hint: remember you have to move the decimal to the right until the divisor is a whole number and then you move the decimal in the dividend to the right the same amount of times as you did with the divisor*)
- Multiplication Facts Worksheet by 8's-Form A (timed 5 minutes). Please write down the facts you missed on the back of the paper or on a seperate piece of paper.

Assignment 2

- Rounding Decimals to the tenth place value Worksheet
- Multiplication Facts Worksheet by 8's-Form B (timed 5 minutes) Please write down the facts you missed on the back of the paper or on a seperate piece of paper.

Assignment 3

- Multiplication 2 digit by 3 digit Worksheet (Form B)
- Multiplication Facts Worksheet by 8's-Form C (timed 5 minutes) Please write down the facts you missed on the back of the paper or on a seperate piece of paper.
