October 23, 2020

Parents and Staff,

Muleshoe ISD Administration has been notified by a Dillman Elementary staff member that the staff member tested positive for COVID-19 on October 23, 2020. The staff member is isolated and family members have been quarantined at home. This staff member has not been on the Dillman Campus since October 16, 2020. This is notification for the individuals that may have come into "close contact" with the staff member. Muleshoe ISD is continuing to deeply sanitize all areas of the campus where the staff member was present. All District employees and students are instructed to continue to follow guidelines and recommendations and to practice social distancing. Based on the information that we have gathered, it has been determined that the end of the staff member's 10-day isolation will be November 2, 2020. Out of an abundance of caution, we advise you to monitor your health, follow the guidelines for people who have had close contact. Contact your primary care physician if you develop symptoms. Muleshoe ISD is continuing to monitor this situation and will provide additional information as needed. We hope for a successful recovery for our treasured staff member.

Respectfully,

R. L. Richards, Ed. D.
