

ATTENDANCE CHANGE FOR ICMS & ICHS

Beginning Thursday, October 22, 2020, the way remote or quarantined students report attendance is changing.

Students no longer need to take attendance on the Google Form. Instead, students are expected to check in with their teachers each period for attendance. Teachers will be submitting attendance to the office and indicating which students are attending remotely. It is important that students are actively engaged in learning during each class period. Each teacher will be communicating with their students about their individual expectations for attendance.

For 7th and 8th hour, students should check in before and after the lunch break. 6th and 7th grade students can wait to check in to 7th and 8th hour until 12:18.
