

JOHN ONAITIS MEMORIAL SCHOLARSHIP

John Onaitis was a career and tech student at Marlinton High School and pursued mechanical engineering after he graduated. His work took him to the southeast portion of this nation as a field engineer. He even worked in exotic places as Egypt. He was a hands-on person who enjoyed woodworking and he had plans to create elaborate furniture with those skills.

The John Onaitis Memorial Scholarship will be awarded to a graduating career and tech senior who will be enrolled in a post-secondary institution in the fall following graduation. Applicants must have a minimum cumulative grade point average of 2.5 and demonstrate good character and integrity. Three letters of recommendation are required, with one being from a career-tech instruction and one from a community member. Please attach a copy of your high school transcript.

Name: _____

Address: _____
