

Geneva Area City Schools

Eric M. Kujala, Superintendent
Geneva, Ohio 44041
AN EQUAL OPPORTUNITY EMPLOYER

November 11, 2020

Dear Geneva Teachers, Staff and Community,

The Geneva Area City School District wishes to inform you that the Local Health Department is investigating cases of COVID-19 at Geneva High School and Geneva Middle School. During the time that the cases were potentially infectious, the students were in the school buildings the following days:

Student 1: Geneva MS (7th grade) - Last day in school Thursday, November 5, 2020

Student 2: Geneva HS (10th Grade) - Last day in school Tuesday, November 3, 2020

Student 3: Geneva HS (10th Grade) - Last day in school Monday, November 9, 2020

The cases reported to have visited only Geneva Middle School (student 1) and Geneva High School (students 2 / 3) on the last days indicated above. The students received positive test results as of today and the district was notified.

COVID-19 is a contagious respiratory disease that is thought to spread mainly from person-to-person from people who are in close contact. Generally, close contact is defined as being within 6 feet for 15 minutes or more. Symptoms of COVID-19 typically appear 2-14 days after exposure and may include fever/chills, cough, shortness of breath or difficult breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, and diarrhea. For more information visit: www.coronavirus.ohio.gov.

The Local Health Department will be calling all close contacts in this matter. It is highly important that all contacts answer or return health department calls in this very important matter. If you have concerns, the Local Health Departments can be reached between 8:00 a.m. to 4:30 p.m. weekdays at:

- Ashtabula County Health Department, Jefferson, OH (440) 576-6010
- Ashtabula City Health Department, Ashtabula, OH (440) 992-7123
- Conneaut City Health Department, Conneaut, OH (440) 593-3087

The best way to prevent COVID-19 is to practice social distancing; wash your hands often; avoid touching your eyes, nose, and mouth; wear a facemask; cover cough and sneezes; don't leave your home when you are sick, clean and disinfect high-touch surfaces often, and monitor your health daily.

Sincerely,

Eric M. Kujala
Superintendent
