Terrier Family,

Good afternoon!! We are rapidly approaching the Thanksgiving Break with a lot going on for our students and staff. There are numerous activities that we have completed and we are looking forward to the ones on the horizon.

We have recently had a Junior High student test positive for COVID and are in the process of contact tracing. We will work to notify you any time we have a situation such as this and keep you informed of our status as we move forward. If you do not hear from TFC Schools or the Health Department, you can rest assured that your child has not been identified as being in close contact with a positive case. We will continue our cleaning protocols and increase the rigor of this process as more cases are being reported daily.

As announced yesterday, we are going to have a distance learning day on Monday, November 16 to help protect our students and staff as we deal with rising case numbers statewide. While in-person learning is preferred by all of us, we will use these distance learning days from time to time in order to help mitigate exposure and minimize quarantine possibilities for our students and staff.

We will keep you updated with any important information as things move forward and wish you a safe and Happy Thanksgiving.

God Bless,

Rob Friesen, Superintendent

Thomas-Fay-Custer Schools
