Audience Comments:

Audience comment was provided by Jill Chance, Adam Pope, Kaylene Herman, Peter Knowles, and Caitlin Cray.

Reports:

- a) **Enrollment Report:** Dr Lewis updated the board regarding the September 2020 enrollment and adjustments made per OSPI adjustment guidelines. Enrollment for September came in at 1129. October enrollment dropped to 1117, 79.75 below the budgeted yearly average.
- b) **District Instruction and Learning:** Dr. Lewis shared that some of the at-risk special education students have been attending in individual or small group, in person 2-hour service blocks. The after-school program, A-List Adventure, has been meeting in small groups, in person, at several locations within the district. All groups are following state safety guidelines.
- c) **Bond Projects Update:** Dr. Lewis updated the board on the bond projects. The portables are moving forward and are almost complete. The Multi-purpose facility had the second pour of concrete today and is moving forward as planned.
- d) **District Budget Update:** Dr. Lewis and Kathy Raley have met with the ESD financial directors and have developed a plan for the budget shortfall. The current staffing reductions, spending freeze on several district accounts, and other areas of saving that have been identified, will make a significant impact on the overall budget shortfall.

It has been another outstanding month of Distance Learning here at Whitson. The staff continue to work incredibly hard in a very challenging job. The sheer numbers on this chart from our Learning Management System – Seesaw always amazes me when I look at it, so I thought I would share it with you. Remembering that each number represents a significant

amount of staff time, energy, and planning. They also continue to Zoom, call, counsel, and connect with their families. Teachers are working long hours every day to provide high quality Distance Learning..

In addition to all of that, staff have also been working hard together as we finalized our Hybrid Reopening Plan. At times this process has required staff to participate in daily meetings focused on instruction and safety. Kindergarten and 1st grade students will begin to return to Whitson starting the week of November 16th. Followed a few short weeks later by 2nd and 3rd grade beginning the week of November 30th. I commend them for all they do for Whitson and it's students.

Thank you Board for all of your support.

Go Cubs.

Report to the School Board, November 2020
Wallace and Priscilla Stevenson Intermediate School

With planning for our hybrid opening going forward on schedule, I believe all members of the board are up to date on what is happening at WPSIS. Some things that may have changed:

- Specialists are online, but Dan Smith and Amy Landgren are supervising recess which gives them some flexibility to work in P.E. activities.

- Patricia Carpenter is working on collaborative projects with grade levels or individual teachers to provide more in-person art opportunities and incorporating Social Emotional Learning.

Attached along with this report is a series of videos that we are making to help kids as they return. They are available on the website as well, and could be a fun watch and help kids visualize what it will be like when they return. Special thanks to Megan Sheffels for her help with that.

We have put the Employee of the Month on pause, but I did want to give a special shout-out to Geri Dennis. She has continually brought the English Learners to the forefront of our planning and reminded me of how best to support them. She often does this with plans already laid out for team consideration. Thanks Geri!

Lastly I would urge you not to forget, while we are all caught up with Covid-19 planning, that we will need a new superintendent for next year. Finding a new superintendent is often a years-long process including working with consulting firms to launch a nation-wide search for the right person. It is far from my place to tell you how to do your duty as a board member, and I hope that you are already well into planning for this. Since I hadn't heard I wanted to simply make sure we have a plan to have an excellent new superintendent.

Go Kodiaks!

Henkle Middle School November Board Report

Greetings WSVSD Board Members,

Distance Learning

❖ **Online Newspaper** [Link](#)

- Just continuing to rock student voice, expression, and creativity. I love our students.

❖ **School Spirit**

- ASB representatives and teachers (Ms. Kelsi Erkkila and Ms. Amy Sacquety) hosted a Halloween Spirit Assembly. Mr. Kane, Mr. Anderson, and I all got pies in the face! Exciting times!

❖ **Communication**

- Weekly Family Communication dropped in [Live News](#) and archived at [Week At A Glance](#)
- Shared via text, app, email, and website every Friday @ 3pm. Just started including Facebook
- All teachers have "Office Hours" available for 1 on 1 support via zoom/phone call using Calendly.

❖ **Hybrid Planning**

- We are collaborating and developing a schedule of what we want learning to look like with 2 days in school and 3 days online and provide a balance for both students and staff.
 - Please reference our [presentation](#) from 11.9.20 for more details.
- We have met 2x/week and developed a backwards plan for December 7th (however we did start with the Nov. 20th date that was first planned).
- Electives are part of our current draft schedule!

Go Grizzlies,
Haley Ortega

Columbia High School

School Board Report 11/19/20
By Craig McKee & Brian Morris

I want to thank the board for all of their support while the high school has been navigating whether to continue distance learning or shift to a hybrid schedule. Our goal is to bring students back to in-person learning by the week of December 7.

On November 9, we had the opportunity to present our hybrid reopening plan at a parent forum. On November 10, we had a parent forum for Spanish speaking families. Content from the slides that were presented at the parent forum is provided below.

What is the Hybrid model?

- Kids are given a mix of in-person and online instruction.
- Two days in school from 8:15-12:30 with Distance learning in the afternoon.
- Three days of full Distance Learning
- Students are split into A and B Cohorts. A Day students attend Mondays & Tuesdays while B-Day students attend Wednesdays & Thursdays
- Students who chose to remain in distance learning will have the option to join an in-person cohort on January 4.

Why are we grouping kids?

- With Social Distancing requirements, we can only have about half of our students in each classroom at one time. Splitting kids into two groups allows us to safely return to the classroom. No classroom will exceed 14 students with the exceptions of band and PE.

What does this mean for my student?

- You will receive a letter around November 19, letting you know which cohort your student has been assigned.
- A Cohort - In school Monday and Tuesday Remote learning Wednesday, Thursday, and Friday
- B Cohort - In school Wednesday and Thursday Remote learning Monday, Tuesday, and Friday

When does this begin?

- The goal is to begin in-person instruction the week of December 7

A day in the life of an in-person student

- Daily screening at home - documented for entry
- Transportation by bus (mask on, windows open, sit with family not friends, assigned seats)
- CHS doors open at 7:45 AM
- Drop-offs - either A court or C court
- All student parking will be in C court
- We encourage all students to have a backpack for their learning materials, Chromebook, and supplies. Lockers will not be available, and students will not be allowed to access their cars during the school day
- Students riding the bus or being dropped off in A court will enter through the main A court door, follow the paws spaced 6ft apart.
- Students who drive or are dropped off in C court will enter through the main C court doors.
- Students with proof of in-home screening will enter through the farthest door on the right.
- Students without will enter through the farthest door on the left

- Once cleared at the entrance, students will proceed directly to their first-period class.

What does Friday look like?

- On Fridays, all students will have Distance Learning. Teachers will be available for assistance through email, Zoom office hours, and phone.
- Advisory – There may be a 30-minute Advisory Zoom – to be determined

What PPE is available?

- Hand sanitizer stations and hand washing stations are available to students and staff.
- Masks, gloves, and face shields are available.
- Masks are required and will be provided for any student who needs one.

Parents conducting business with the CHS office

- Office hours for the public is between 8:30 and 3:30.
- When entering CHS please wear a mask and practice social distancing. All business with the office will be conducted at the service window.
- We are limiting access to the school by parents for student safety, thanks for understanding!

November 2020
Board Technology Report

It has been a busy few months in the Technology Department. We are continuing to provide support for staff and families with their technology challenges.

- The new Chromebooks have arrived. We are still waiting for the protective cases to show up. The warranty is void without them.
- Jeff is finishing up the paging system on the new phone system
- Repairs are being made to Chromebooks that are damaged.
- Cabling is complete and access points have been added to the new portables
- Continue to support each building as they need news items, emails, alerts and live feed information pushed out to families

Thank you for your continued support,

Rhonda Hardisty -Technology Director
White Salmon Valley Schools

Board Report
Transportation
November 2020

The Transportation Department has been hard at work preparing to transport students again. With the help of Brian Morris of Columbia High School we have been able to configure routes based on who will be attending in-person hybrid learning. Due to a shortage of drivers we will be combining routes. While driver shortages have been an ongoing problem for the nation we hope it will be temporary as we have a couple applicants.

Trainings are occurring for drivers regarding PPE use and disinfecting of buses. Buses will be disinfected after each run. Students riding buses will be required to wear masks. The driver will have extras on hand if the student doesn't have one. All students from the same family will be required to sit together. We will do our best to socially distance other students on buses but we cannot guarantee that for all buses. So as necessary from there students will be seated by campus. The bus windows will be opened slightly to help with air flow. While bus heaters will be on parents should bundle their students with coats, hats, and gloves during the chilly mornings.

Every Friday drivers will be delivering a weeks' worth of meals provided by the kitchen. We are proud to be able to help keep our students fed. And they love receiving the meals.

Board Report for November 2020

We are eagerly anticipating bringing more students on campus and planning how best to deliver services while minimizing exposure risks. Special education is unique in that a handful of staff serve a number of students; across grades, buildings, and even districts. We are creating plans to minimize movement of staff/students, minimizing breaking cohort bubbles, and identifying students who we can continue to serve virtually versus those who must be seen live. As you know, we have been seeing our highest need students on campus now for well over a month. I am happy to report to you that all has gone well, safety procedures have been followed and families are pleased.

Even in the middle of a pandemic, we continue to work on the “normal” activities we do every year. Teachers are attending professional development courses, we are nearly done with observations for TPEP, and we are monitoring and taking data so we will be able to process progress reports in a few short weeks. I should note that TPEP was unique this year as you can imagine. I have dropped in on a few zoom teaching and therapy sessions. I have observed IEP’s happening by zoom that were collaborative, efficient and clear. As an odd upside, we are seeing INCREDIBLE parent participation in IEP meetings. More than usual. I am not sure if this is because parents are needing to take a much more active role in their child’s education or if it is because zoom is just that much more accessible. And this participation is across the board-even including our most vulnerable populations. There is always a silver lining if you look. The world continues to turn, and we educators adapt-just like we have always done.

Thank you for all your support, please let me know if I can provide any additional information.

Have a wonderful Thanksgiving break,

Janelle Tuttle,
