COVID-19 is a contagious respiratory disease that is thought to spread mainly from person-to-person from people who are in close contact. Generally, close contact is defined as being within 6 feet for 15 minutes or more. Symptoms of COVID-19 typically appear 2-14 days after exposure and may include fever/chills, cough, shortness of breath or difficult breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, and diarrhea. For more information visit: www.coronavirus.ohio.gov.

The Local Health Department will be calling all close contacts in this matter. It is highly important that all contacts answer or return health department calls in this very important matter. If you have concerns, the Local Health Departments can be reached between 8:00 a.m. to 4:30 p.m. weekdays at:

- Ashtabula County Health Department, Jefferson, OH (440) 576-6010
- Ashtabula City Health Department, Ashtabula, OH (440) 992-7123
