UNIVERSITY of SAINT FRANCIS™

## A CAREER IN HELPING OTHERS

In the field of Art Therapy, you'll work to help and heal others in a fulfilling, service-oriented career, making a degree in Pre-Art Therapy at the University of Saint Francis a great investment. A master's degree is required for registered art therapists, so our program offers excellent preparation to gain the skills and knowledge in studio art, psychology and social work to move into a graduate art therapy program.

## CHOOSE YOUR CONCENTRATION

As a Pre-Art Therapy student, you'll focus on one of three concentrations: 2-D Art, 3-D Art and Photography. Some students concentrate in multiple areas.

## GAIN EXPERIENCE

In Pre-Art Therapy, you'll learn and grow with internships in places such as the Lutheran Hospital's Children's Oncology Ward, Erin's House for Grieving Children and Sunshine Group Home. Students also regularly work with the USF-sponsored Jesters program and in local school systems.
