Discovery
Annual Title I
Meeting
November 13,
2020
12pm**

Here at Kenner Discovery our students are just as capable as any students across the US.

Every day, we are committed to ensuring that our students have the opportunity to grow and thrive so they can reach their potential.

To do this, we need a plan in place to ensure every teacher is prepared to provide every student what they need to be successful.

Therefore, as required by state and federal laws and regulations, we submitted a plan to the Louisiana Department of Education in the winter of 2020 to support our school's improvement.

We received approval of this plan from the Department in spring of 2020.

The key components of our plan that will lead to school improvement include:

- High quality curriculum and assessments in all grades.
- High quality professional development for all teachers on the selected curriculum.
- Building school-based expertise through leadership roles.
- A Professional Development Plan to ensure teachers are preparing for units and building content knowledge.
- Collaborating with our deans of culture to support improvement around student engagement.
- Community partnerships to address our schools' greatest academic, behavioral, and workforce needs.

Our goal is to keep families informed, today and throughout the year, on the implementation of our school improvement plan.

Today, we'll provide information on:

- our school and student performance data to improve student skill attainment and academic progress
- an overview of our plan
- timelines for implementation of our plan and reporting progress monitoring of students' growth and development

SCHOOL PERFORMANCE OVER TIME

2020-2021 School Improvement Goals and Priorities

Given the data we've shared, Kenner Discovery is focused on the following priorities for the 2020-2021 school year:

- Due to Covid, we now have a lower teacher to student ratio which allows for more direct, small group instruction than the previous years. This allows for opportunities for intervention and more time for progress monitoring.
- We are able to provide rigorous instruction with our research based Tier 1 curriculums.
- More professional development trainings through our online platforms for our teachers so they can effectively teach out students.
- Provide more virtual assistance to families to increase academic performance.

Working Together for School Improvement

We are committed to providing families with meaningful, two-way communication about Kenner Discovery's plan and your child's academic progress throughout the year.

Here are ways we can partner to meet our plan's goals:

- **Communicate with us:** Contact your child's teacher or principal with questions about your child's progress, learning needs, or school events/programs through planned or requested parent/teacher conferences.
- **Support learning at home:** Visit our school website to access the Title I family engagement resource center. Parents may check out academic materials to assist their students at home. Attend Title I virtual parent coffee chats to learn more about supporting your child's learning at home.

THANK YOU!
