

Homecoming Parade Information

Hello Pirate Family,

I previously sent out a letter about the Homecoming Parade. This will be the final correspondence before the parade on Friday. The parade will be Friday , November 20th at 4:30. If you have a float, it will need to be in its' selected location by 4:15. I have attached the line up. The number will be painted on the highway.

It is okay to throw candy. The spectators do not have to pick it up, it is their choice as to whether or not they consume the candy. As I previously mentioned, there will be a float contest this year and in years to come. The winners will get a ribbon and a prize.

The floats will be lined up on the highway beside Motts as in previous years. No child will be permitted to ride a float without a waiver. These were sent home last week. Do not leave your child unattended! Make sure that they are on a float with a waiver signed before you leave.

The ending location of the parade will be the school. When the parade is over, retrieve your child and do not linger. We cannot have mass congregations of people, due to COVID-19. Please keep your distance and remain as safe as possible. It is encouraged that you wear a mask. The state law states that children under the age of 10 do not have to wear a mask. Use your discretion in keeping yourself safe. Refer to the CDC guidelines for more information on this matter.

I look forward to a great parade. It is my honor to serve the community. Thank you to all the volunteers that have selflessly given your time to construct these floats. I appreciate you!

Thanks,
Savannah Hudson
