Coyote Family,

With Governor Whitmer's announcement this evening regarding the move to remote learning for our state's high schools beginning this Wednesday, November 18th, we understand that there may be many questions you have. While we have anticipated and planned for this moment, we also understand that this decision comes at a rather inopportune time -- the last week of the trimester.

First, in-person learning at the high school is happening tomorrow (Monday) and Tuesday of this week. Please plan on attending school the next two days.

We will meet with our superintendent, Mr. Sweet, as well as our staff tomorrow to discuss how to finish the trimester, what this means for exams, and what the beginning of the second trimester will look like. We will get this information out to you by Monday evening. In the meantime, we'd like to refresh you on our remote learning plan in preparation for the mandatory move to remote learning:
