Greetings!

Welcome to the Aberdeen School District's website. I hope that you find this resource to be useful and informative. We strive for our website and app to be the hub of information that is relevant to all community stakeholders.

The school district plays an integral role in our community. The foundation of our success is built upon several principles:

- Our ability to ensure a safe and welcoming environment for students to grow and develop into the next generation of learners and leaders.
- Integrating quality programs with innovative teaching strategies to develop 21<sup>st</sup> century skills that will serve the needs of the community.
- To implement cost effective strategies to ensure fiscal responsibility.

As Superintendent, I will utilize a systemic approach to needs assessment and allocation of resources as the primary drivers of student success and look forward to the opportunity to serve the students, staff and community of the Aberdeen School District. On behalf of the Board of Trustees, administration, faculty, staff, I would like to thank you for your continued interest and support of the Aberdeen School District.

Yours in education,  
Jeffrey Clay, Superintendent  
Aberdeen School District
