November 17, 2020

Dear Parents and Guardians,

We are writing to inform you that today we were notified that a parent of one of our students attending Wiscasset Middle High School has tested positive for the Coronavirus. As always, we will be following CDC and Maine Department of Education Guidelines, we will be conducting extensive precautionary cleaning and disinfecting this Wednesday, November 18, 2020.

If we receive any information regarding pending test results that could impact staff or students in our schools, we will inform you immediately and follow our Wiscasset School Department protocols with school closure, contact tracing, and extensive cleaning and disinfecting.

The safety and welfare of all our students and staff are our top priority for us as we enter into this holiday season.

Thank you for your continued support of our students and school.

Respectfully,
Dr. Terry L. Wood
Superintendent of Schools, WSD
