Food Service for School Year 2020-2021

The USDA has provided multiple waivers which allow school districts participating in the National School Lunch Program/School Breakfast Program to provide **meals free of charge to ALL** students in their districts and their household siblings ages 1 to 18 regardless of their ability to pay. To request these meals, simply complete the form located at the link below. Both breakfast & lunch meals are provided automatically. The order form is available for signups from 7:30 am each Thursday until 3:15 pm each Friday. Per USDA requirement, only parents or guardians may pick up meals requested. Pickup is held at Oakwood Grade School in the car rider lane at the Scott Street entrance each Wednesday from 12:00 noon to 1:00 pm. Currently this is the only pickup time available during our hybrid model of instruction. We will continue to monitor the number of meal requests and should it be necessary, we will add pickup dates and times. You will find information here on the District website when changes occur.

If you have questions or concerns, please contact the District Food Services Director, Mrs. Sheila Odle at (217)446-6081 or email at odles@oakwoo76.org.
