April 5th through April 9th - No school, Spring Break

Snow Days are Remote Days

Instead of missing school for inclement weather and making up those days later in the year, we will switch from on-site instruction to remote learning instead. Notices will still be made by the district when inclement weather affects our ability to transport students. In the notice, students/families will be notified if the instruction is either provided solely through Canvas or via remote instruction. Parents can feel free to contact their student's teacher(s) via email for clarification as needed when notices are made.
