

Dear Eugene Ware Families,

Eugene Ware is a Title 1 school, which means we receive Title 1 funds. The purpose of Title 1 is to provide all children an opportunity to receive a fair, equitable, and high-quality education and to close educational achievement gaps. The best way to do that is with parental support and participation.

Title 1 funds are used to provide high-quality student instruction with engaging materials and interventions so that we can monitor student progress and tailor our instruction to target identified areas of need, implement effective parent and family engagement, and provide high-quality professional development for staff to address school-wide areas of need identified in our Improvement Plan.

There are roles that we all must take to ensure our Title 1 identified students can succeed. Families, school staff, and students share the responsibility to maximize student academic achievement.

The curriculum used at Eugene Ware addresses competencies found on the Navigating Change: Kansas Guide to Learning and School Safety Operations ksde.org website for each grade level. These skills are tested through local district assessments and state testing, known as the Kansas State Assessment, administered in the spring for grades 3-5.

If we can be of any assistance to you or your students, please do not hesitate to contact us at Eugene Ware. Working together, we can ensure that Eugene Ware provides the best academic experience for your child.

Your Title 1 Intervention Team,

Heather Davenport

Sherry Lindsay

Janelle Murrow

Trisha Whitehead
