COMPONENT 2: Schoolwide Reform Strategic Themes and Initiatives

The school must use strategic themes and critical initiatives that provide opportunities for all children to meet the state academic standards; including subgroups; uses methods and instructional strategies to strengthen the academic program; increases amount and quality of learning time; provides an enriched and accelerated curriculum by incorporating the concept of a well-rounded education; and addresses the needs of all children at school particularly those at-risk of not meeting the state academic standards.

School plans will include intended outcomes, key measures and activities that demonstrate the coordination and integration of programs, services and resources.

Upload supporting documentation which would include the school's strategy map.
