

MEET THE TEACHER

Hello, everyone!

My name is Mrs. Wood and I am so excited to be teaching kindergarten with you next year! Let me tell you a few things about myself; I live in Augusta, Maine, my favorite color is navy blue, next year will be my third year of teaching, I am having a baby in December, and my favorite animal is a turtle. I cannot wait to learn more about you.

In kindergarten we will be learning a lot of new things. We will be learning how to count to 100, write our first and last name, read lots of sight words, and continue the practice of getting along well with others. We will also explore concepts such as the Mayflower, kings and queens, fairy tales, farms, plants, and weather. Kindergarten is such a fun and exciting year of school.

As far as classroom supplies go you will not need to supply your child with personal classroom supplies this school year other than headphones for iPad use, a lunchbox with a snack each day, and a water bottle for hydration. I have a collection of items that we share as a whole class in our classroom Creation Station. This system is much easier than keeping track of personal items and prevents fighting in our classroom. If you could please consider donating items such as tissues (you can never have too many), hand sanitizer, wipes, and small bottles of water that would be appreciated. These are items that we use each and every day! Of course any other classroom donations are welcome and much appreciated such as pencils, markers, crayons, tape, erasers, etc for our Creation Station.

The 2023-2024 year of school will be a great one. I am beyond excited to meet all of you and have the opportunity to work with you all this upcoming school year. I hope that you all have a wonderful summer vacation full of fun days and memories made. Please reach out if you have any questions. My email is sarah_wood@maranacook.org

Have a great summer,
Sarah Wood
(Mrs. Wood)

MEET THE TEACHER

Mrs. Wood

Hello!

My name is Mrs. Wood. I am excited to get to know all of you! This is my third year teaching. I cannot wait to grow together this school year.
