

DAILY COVID-19 SCREENING TOOL

If any of these symptoms are present, do not send your student to school until symptoms have resolved or you have followed up with a physician.

FOR STUDENTS

<input type="radio"/>	SYMPTOM
<input type="radio"/>	Does the child have a fever (100.4 or greater) without having taken any fever-reducing medications?
<input type="radio"/>	Does the child have a sore throat?
<input type="radio"/>	Does the child have a new cough?
<input type="radio"/>	Does the child have nausea, vomiting or diarrhea?
<input type="radio"/>	Does the child have a new onset of headache?
<input type="radio"/>	Does the child have congestion or runny nose?
<input type="radio"/>	Does the child have fatigue, muscle or body aches?
<input type="radio"/>	Does the child have difficulty breathing?
<input type="radio"/>	Does the child have loss of taste or smell?

If you believe you have been exposed to or are exhibiting symptoms of COVID-19, please contact your school office or school nurse.

Parents, following all protocols will keep our school open:

- You must use this daily screening tool prior to bringing your student to school.
- If your student has any of these symptoms they must stay home until the symptoms resolve.
- Be aware if you send your student to school with these symptoms, you will be called to pick them up and they will have to stay home for a minimum of 72 hours.
- Notify the school office if your student is staying home, give the reason/symptoms.

Thank you for following all protocols so our school can remain open.
