Action: 2.5 Policy 3520
Motion to approve the first reading of policy 3520.

Policy 3520: Extraordinary Circumstances
The District considers the safety of its students and staff to be of the utmost importance and is acutely aware that extraordinary circumstances such as widespread illnesses, natural disasters, or other emergency situations may make District premises unsafe or otherwise interrupt the District's ability to effectively operate.
In these circumstances, the District will follow its previously developed policies, procedures, and plans including, but not limited to, the District-wide school safety plan and building-level emergency response plan(s). To the extent that any District policy, procedure, or plan is in any way inconsistent with or conflicts with federal, state, or county law, regulation, or executive order released for the purpose of addressing the extraordinary circumstance, the federal, state, or county law, regulation, or executive order will govern. Additionally, the Board may adopt resolutions or take other actions as needed to respond to changes in federal, state, or county law, regulation, or executive order to provide further direction during an extraordinary circumstance.

Motion by Michael Arone, second by Lucy Cerezo Scully.
Final Resolution: Motion Passed
Yes: Meg Vaught, Dorothy Ziegelbauer, Michael Arone, Kimberly Breiland, Daniel Castricone, Lucy Cerezo Scully, Joe Rickard

Action: 2.6 Policy 6570
Motion to approve the first reading of policy 6570.

Policy 6570: Remote Working
Generally, the District believes that its goals and objectives are best served when employees work in person on District premises. However, the District recognizes that, in certain circumstances, remote working or telecommuting may be advantageous to both the employee and the District. It may also be necessary in the event of extraordinary circumstances such as widespread
illnesses, natural disasters, or other emergency situations.
When making decisions about remote working, the District will take into
consideration any applicable laws, regulations, collective bargaining
agreements, or existing policies and procedures. This policy will be superseded
by any conflicting law, regulation, or collective bargaining agreement.
Remote Working Arrangements
Remote working is not an entitlement or a District-wide benefit. The ability to
work remotely is completely at the discretion of the District. Except where
specifically provided by an applicable collective bargaining agreement,
employees will not be permitted to file a grievance as a result of a denial of
their request to work remotely.
To the extent that an employee intentionally puts themselves in a situation that
necessitates quarantine, the employee should utilize their paid sick or personal
days for the quarantine period.
Upon request, an employee’s supervisor, in conjunction with the Superintendent
or designee, may grant an employee a full-time, part-time, or short-term
remote work arrangement provided that the employee’s work is able to be
performed remotely and the employee has consistently demonstrated the ability
to effectively work independently.
Extraordinary Circumstances
In the event of an extraordinary circumstance such as widespread illness,
natural disaster, or other emergency situation, it may be necessary to establish
remote working arrangements for some or all employees. In these
circumstances, the District will notify employees of whether they are expected
to work at home full-time, part-time, or not at all. The District retains the right
to change the remote working arrangement for any employee at any time.
Continuity of Work
Unless specifically agreed upon, working remotely will not alter an employee’s
work schedule, job duties, compensation, benefits, or any other term and
condition of employment. Further, while working remotely, employees will be
required to remain available during their normal work hours via email, phone,
or other means. Failure to respond in a reasonable time frame may result in
discipline and/or termination of the remote work arrangement.
Compliance with District Policies and Procedures
District employees who are working remotely are required to comply with any
and all applicable District policies, procedures, and other related documents as
they normally would if they were working on District premises. Examples
include, but are not limited to, the District’s policies and procedures on non-
discrimination and anti-harassment, protecting the personal information of
District employees and students, acceptable use, social media and copyright.
Engaging in prohibited conduct may result in disciplinary action as warranted.

Motion by Lucy Cerezo Scully, second by Daniel Castricone.
Final Resolution: Motion Passed
Yes: Meg Vaught, Dorothy Ziegelbauer, Michael Arone, Kimberly Breiland, Daniel Castricone, Lucy
Cerezo Scully, Joe Rickard
Action: 2.7 Policy 7150
Motion to approve the first reading of policy 7150.

Policy 7150: Remote Learning
Use of Remote Learning in the District
The District may offer remote or distance learning to students at certain times including, but not limited to, independent study, enrichment courses, and in the event of extraordinary circumstances such as widespread illnesses, natural disasters, or other emergency situations.
When making decisions about remote learning, the District will consult with students, parents, teachers, administrators, community members, and other stakeholders as appropriate. The District will also ensure that it is complying with applicable teaching and learning requirements.

Extraordinary Circumstances
In the event of an extraordinary circumstance that requires long-term and widespread use of remote learning, a plan will be developed that outlines how the District will accomplish remote learning. This plan will outline the number of students involved, modes of remote learning, asynchronous and synchronous learning opportunities, internet and device access among students, and alternatives available for students who have neither a device nor consistent access. It will also address the needs of different populations of students including, but not limited to, vulnerable students, younger students, students with disabilities, and English language learners.

If warranted, the District may use a hybrid model of in-person instruction and remote learning.

Formats and Methods of Remote Learning
Remote learning may be delivered by teachers through a variety of formats and methods. Instruction may be provided through video, audio, and/or written materials. Communication between teachers and students may occur through video conferencing, prerecorded videos, online discussion boards, and/or other instruction that relies on technology. Remote learning can occur synchronously, which involves real-time interaction and collaboration between teachers and students, or asynchronously, which involves delayed interactions between teachers and students and self-directed learning.

Determinations about how to best deliver remote learning will take into account a variety of factors including, but not limited to, the number of students involved, the subject matter, the students' grade levels, and technological resources of both the District and students. Consideration will also be given to whether accommodations need to be made for students with disabilities or English language learners.

Remote Learning Support
As necessary, the District will provide instruction on using remote learning technology and IT support for students, teachers, and families. The District will also work to ensure that teachers and administrators are provided with professional development opportunities related to designing an effective remote learning experience.
Compliance with District Policies, Procedures, and the Code of Conduct
Teachers and students are required to comply with any and all applicable
District policies, procedures, and other related documents as they normally
would for in-person instruction. Examples include, but are not limited to, the
District’s policies and procedures on non-discrimination and anti-harassment,
acceptable use, social media and copyright. Students will also be required to
abide by the rules contained within the Code of Conduct at all times while
engaged in remote learning. Violations of the Code of Conduct and/or engaging
in prohibited conduct may result in disciplinary action as warranted.
Privacy and Security of Student and Teacher Data
In compliance with law, regulation, and District policy, the District will take
measures to protect the personal information of students and teachers from
unauthorized access when using remote learning technologies. Examples of
these measures include, but are not limited to, minimizing the amount of data
shared to only that which is necessary, deidentifying data, and the use of
encryption or an equivalent technical control that renders personally identifiable
information unusable, unreadable, or indecipherable to unauthorized persons
when transmitted electronically.
