November 24, 2020

Dear Students, Families, and Community Members of the Milton-Union Schools:

The district received verification a middle school student tested positive for COVID-19. Per typical process, our staff members consulted with Miami County Public Health personnel, and no additional close contacts were identified for reasons specific to and confidential for the student and family. The district continues to seek and receive advice and assistance from local public health officials.

Not only will the district remain committed to safety protocols, but we also strive to maintain the privacy of and confidentiality for students, families, and employees. We hope everyone can remain mindful of safe practices and healthy decisions among our students, staff members, parents, and caregivers both in and outside of school. As always, thank you for your continued support, understanding, and patience.

Respectfully,

Brad Ritchey, Ph.D.

Milton-Union Exempted Village Schools
