A special thank you to Earl Couture for finding a permanent solution to a persistent problem. The TWKDMS flagpole halyard rope keeps taking a beating with the wind we get and needing replacement, and so Mr. C used his military background and knack for all things handy to get us a seaworthy steel-core halyard with crimps that he - get this - hammered out himself on his anvil at home! Hoist the colors! Thank you Earl!!

On Friday of last week, Western Maine native Jason Tardy came to TWKDMS to perform his high energy, entertaining, and powerful anti-bullying presentation. Pictured below is 6th grader Heaven Stokley getting ready to help Jason juggle bowling balls!

Thank you to the River Valley Healthy Communities Coalition for sponsoring this great event!
