30 November 2020

Dear Parent/Guardian,

Grand View School will remain on a Distance/Virtual Learning Model for the week of November 30th through December 4th. As a result of the building closure, a contingency plan utilizing a distance learning format has been initiated for all special education students for the time period November 16-December 4, 2020. This may be extended on a weekly basis.

During this time period, special education services will be delivered through a distance learning model as outlined on the services page of your child's IEP. IEP service providers and teachers are available by any applicable means (i.e. email, phone conversation, virtual communication through school approved channels) during posted school and/or office hours. Face-to-face meetings and/or face-to-face instruction may be available, by appointment, if not limited by local and/or state school officials in cooperation with local, state and federal health authorities and/or guidelines.

The Grand View District is following guidance from the Oklahoma State Department of Education's Special Services Division on how to incorporate distance learning contingencies into an IEP should the need arise due to Covid-19 issues. Items relating to the contingency plan are marked throughout your child's IEP as contingency.

If you need further assistance, please do not hesitate to contact your child's special education teacher. Additional questions or concerns may also be directed to the office of the Special Services Director at 918-456-5131, ext 406. Please update changes to your contact information (phone, address, email) with the front office.

Sincerely,

Special Education Services
