Milton-Union Exempted Village Schools

November 30, 2020

Dear Students, Families, and Community Members of the Milton-Union Schools:

Since Thursday, November 26, the district received verification five Milton-Union High School students and one staff member from Milton-Union Middle School tested positive for COVID-19. Due to the Thanksgiving Holiday, long weekend, and symptom onset for each of these individuals, no additional contact tracing or quarantine were necessary. The district continues to seek and receive advice and assistance from Miami County Public Health in the identification of next steps.

Not only will the district remain committed to safety protocols, but we also strive to maintain the privacy of and confidentiality for students, families, and employees. We hope everyone can remain mindful of safe practices and healthy decisions among our students, staff members, parents, and caregivers both in and outside of school. As always, thank you for your continued support, understanding, and patience.

Respectfully,

Brad Ritchey, Ph.D.
