## Virtual Listening Tours

## You're Invited!

Slate Valley School Board Members are hosting a week of Virtual Listening Tours beginning on November 30th.

Currently the board is exploring a plan for district reorganization that would include the consolidation of all district middle school students to the high school beginning with the 2022-2023 school year. This would result in the closure or educational repurposing of Castleton Village School. Sixth grade students in Castleton would then attend Castleton Elementary School.

To address the anticipated low enrollment of middle school students in Benson Village School, the board is considering in-district school choice (with transportation) for 7th and 8th grade students for the 2021-2022 school year.

Listening tours are an opportunity to have a conversation with your board members. Please join us at $\mathbf{6}$ p.m. to discuss district reorganization on the following dates:
