

2022 Wynford Gridiron Backers

Mission Statement

Established in 2014, the Wynford alumni “Gridiron Backers” support the Wynford football program. The gridiron backers will be comprised of former Royal football players (alumni), coaches, and friends of the program who share a common interest in advancing the football program through the following activities:

- Planning and promoting social events such as football alumni reunion, all sports booster club golf outing, and booster club events
- Serving as a role model for current players by advocating good sportsmanship, emphasizing academic excellence and social responsibility, including respect for opponents and teammates, victory with humility, and the acknowledgement of defeat with grace
- Financially supporting the football program’s wish list - New Scoreboards

You are invited to champion the past and present successes of the Wynford football program by becoming a member of the “Gridiron Backers”.
