

Columbiana Middle School

Building-Level Hybrid Learning Information

Hello Clippers! As you are aware, Columbiana Middle School (Grades 5-8) will operate on our hybrid learning schedule as outlined within our district remote learning plan. We will operate on our hybrid schedule from 12/7/2020-12/18/2020. This will take us to winter break. Our hope is to provide traditional learning when we return from break. However, we will carefully analyze data between now and then in order to make a decision which balances health, safety, and education. As always, we appreciate your support, patience, and understanding as we move through these times.

It is important to note that students who are already designated as remote learners will not experience a change in their schedule. This hybrid information applies to students who have been coming to school traditionally (including 8th graders). Traditional 5-8th grade students are expected to follow the hybrid schedule for the next two weeks (12/7/2020-12/18/2020). Otherwise, remote students will continue to do what you have been doing, following your current schedule.

Those following our hybrid schedule for the next two weeks should find answers to your questions on the following pages. If you still have questions specific to a course, schedule, or have class-specific issues, please reach out to your teachers.

I would like to thank our students for their hard work resilience, and dedication to your education. Parents, thank you for all you have done, and continue to do, to support our children. I would also like to extend a very sincere appreciate for this tremendous CMS staff for continuing to go above and beyond in order to ensure a first-class education for our students, regardless of the situation.

If you have any questions or concerns, never hesitate to reach out.

Have a wonderful day, stay safe, and Go Clips!

Sincerely,

Jason H. Martin,
Principal, Columbiana Middle School
