Don Schneberger - Superintendent of Schools

December 3, 2020

Dear Parents/Guardians,

As we continue to have school and hopefully provide a quality education, we wanted to provide you with details concerning Isolations and Quarantines as provided by the Center for Disease Control (CDC), Oklahoma State Dept. of Health, and the State Department of Education. Our local health department has the authority over quarantines and the new quarantine protocols will take place immediately.

Beginning immediately the quarantine protocols will be administered as follows:

- An individual that has been identified as a close contact, will be quarantined for **10** days (not 14 days as previous guidelines stated). An exposed person would only return if they are not experiencing any symptoms, will continue to monitor for symptoms, and will follow safety protocols when returning, or
- An exposed individual may return after **7** days of quarantine if the individual can provide evidence of a negative test result for COVID-19 conducted within 48 hours of the end of the quarantine period (day 5).

Return to School Criteria for a Positive COVID-19 Test: (has not changed)

- An individual will remain out of school at least **10** days since symptoms first appeared and,
- At least 24 hours have passed since last fever without the use of fever-reducing medications and,
- Symptoms (e.g., cough, shortness of breath) have improved.

Thank you to our parents and guardians who have been supportive during this unprecedented time as we continue to provide a quality education and extra-curricular activities to the students in our district. We will continually watch the data in our school and district to make important decisions concerning school.
