December 4, 2020

Good morning VBPS families,

I want to take this opportunity to thank you for all you have done to stay safe and keep your children and families safe. As holidays approach, I know that families may be preparing to take trips, visit family and friends, and have contact outside of one's daily groups of people. The CDC and Wayne County Health Department continues to state that travel increases the risk of getting and spreading COVID-19. In an effort to keep our school community safe it's important for you to report any of the following:

- Your student has tested positive
- Your student is a close contact and has been asked to quarantine
- A family member in the house has tested positive

Should you need to report, please email me at dmunoz@vanburenschools.net, and be sure to include a good contact number should I need more information.

If you or someone in your family is directed to quarantine, please respect what you are being asked to do in the interest of public health. Quarantine is used to keep someone who might have been exposed to COVID-19 away from others to stop the spread. People in quarantine need to stay home, separate themselves from others in the home, and monitor their health.

Please help us in mitigation efforts to keep our community safe and continue to:

- Wash your hands often
- Wear your mask
- Maintain social distancing of 6 feet or more
- Stay home if you are sick

May you enjoy your holidays and stay safe!

Dionisia Munoz
VBPS District Nurse

Strong Beginnings, Bright Futures
