Sand Creek Jr High Summer School Contract (Summer 2022)

Introduction:

Summer School classes will be offered Tuesday, Wednesday, and Thursday from 8-11:30 am. There are 30 required seat hours per class. Sessions will be offered for eight consecutive weeks this summer. You should be working AT LEAST 10 hours per week at home, although you may need to log in more in order to stay on track in your course. Based on past EdGenuity users, a single course takes an average of 40 hours to complete, but this may vary based on individual student ability as well as the individual course. Ms. Kormos is the facilitator of this program, but she is not the teacher. The assignments are mainly auto-graded and while your facilitator can give you help and tips on structuring your time, she will not necessarily be able to provide academic support for the course material but will be there for support.

Structure:

It is your responsibility to monitor and track progress. All tests will be taken in-person on a school issued Chromebook and will require an administrator “unlock.” In person sessions will be held in the open lab room (106) on **Tuesday’s, Wednesday’s, and Thursday’s from 8-11:30 am.** Properly worn masks and social distancing are required. Students will need to take all tests during these in person sessions. Students will need to be working at home during the week so that they are at a test point when coming in on in-person days.

Letter of Agreement (Please detach this page and return to the Main Office):

By signing this contract, I am acknowledging that I understand that although I am only required to attend Tuesday, Wednesday and Thursday sessions, my course may take approximately 40 plus hours to complete and that I am expected to complete the entire course with a **passing grade.**

I also understand that if I complete the course with a grade of 60% or above and meet the minimum required seat time of 30 hours, Sand Creek Community Schools will pay for the course.
