**Student Drug Testing and Consent**

**3350**

Each activity student shall be provided with a copy of the Activity Student Testing Policy and Student Drug Testing Consent, which shall be read, signed, and dated by the student, parent, or custodial guardian. The consent shall be to provide a saliva or urine sample: a) annually before participation in extra-curricular activities; b) as chosen by random selection basis; and c) at any time requested based on reasonable suspicion to be tested for illegal drugs. No student shall be allowed to participate in any activity governed by this policy unless the student returned the properly signed Student Drug Testing Consent.

I understand after having read the "Student Activity Drug Testing Policy" and "Student Drug Test Consent," that, out of care for my safety and health, the Roundup Public School District enforces the rules applying to the consumption or possession of illegal drugs. As a member of a Roundup extra-curricular interscholastic activity, I realize that the personal decision that I make daily in regard to the consumption or possession of illegal drugs may affect my health and well-being as well as the possible endangerment of those around me and reflect upon any organization with which I am associated. If I choose to violate school policy regarding the use or possession of illegal drugs any time while I am involved in in-season or off-season activities, I understand upon determination of that violation I will be subject to the restrictions of my participation as outlined in the Extra-Curricular Activity Training Rules (Policy 339).
