COVID-19 Update Communication

Good evening East Palestine families. This is Mr. Neifer, EPCSD Superintendent.

I wanted to update every one of our plans for the next few weeks regarding the educational format for our schools. On Monday, December 7th we will reopen our MS and HS buildings in our Tier 1 - Face to Face format. We will continue to implement all mitigation strategies to provide a controlled environment for the education of our students. We ask that any MS/HS students that have signed out a technology device to please bring that with you to school to utilize within your classrooms. We will not be collecting them at this time as we do not know what the future holds, but we will need them as resources for learning. We will be resuming all MS/HS athletic and extracurricular activities this coming week. Our Elementary building will continue its Tier 1 - Face to Face program at this time. I want to encourage everyone to continue to keep us informed of any COVID related issues in their homes as we strive to monitor data for the safety of our staff and students. Again, thank you for your continued cooperation as we navigate through these tough times.

Stay safe, stay healthy, and as always GO BULLDOGS!!!
