

Yale Indoor Sport COVID-19 Policies BASKETBALL

Yale Schools will require everyone, school age or older, entering the gym to wear a face-covering until they have reached their seats. This includes the lobby, restrooms, and concession areas. Please be respectful of other spectators and social distance from those who prefer to wear masks at all times. Spectators that have purchased reserved seating will have priority when it comes to selecting seats. We ask visiting fans and team members to sit on the Visitor's (east) side of the gym. Please remember that these events are about the students, and we all want to see our hard-working, student-athletes compete.
