

Central Valley CSD TECH TIPS FOR PARENTS

Use this document to assist student use of technology at home!

STUDENT CAN'T SIGN IN

If a student is having an issue signing in to their Google Account, please first make sure that they are typing their entire school email address.

For example: 20jsmith@cvalleycsd.org, not 20jsmith

If the issue persists, please email the student's teacher who will submit a Tech Request on your student's behalf.

YOUTUBE VIDEO BLOCKED

If your student is unable to view a YouTube video their teacher assigned, please email the student's teacher so they can submit a Tech Request to have the video unblocked.

HOME INTERNET ACCESS

If you are in need of support to access internet in your home, we are currently exploring available resources in the area. If you have questions, please email your building Principal.

GOOGLE CLASSROOM

Many teachers are using Google Classroom to provide instruction to students during this time. Below are some resources for parents on how to use Google Classroom.

Step by Step Document: <https://bit.ly/2VaQm03>

GOOGLE MEET

Many teachers are using Google Meet to hold video conferences and connect with students during this time. Below are some resources for parents on how to use Google Meet.

Google Meet is available on the web at meet.google.com or on a mobile device through the Apple or Google Play stores.

How to join a Google Meet: <https://bit.ly/3dW63ki>

Google Meet Etiquette: <https://bit.ly/2RebVMb>

Meet Grid View Extension: <https://youtu.be/o1lrCYGmXjs>

If you need any other technology related assistance, please start first with the student's teacher. If the teacher needs assistance, they will elevate the issue to our Technology Team and the Building Principal.
