*Every day, an old man walked the beach with a pail, picking up starfish that had been washed in by the tide, and throwing them back into the sea. One day a young boy stopped the old man and asked, "Why do you throw the starfish back? It doesn't matter. They will only wash up on the shore again tomorrow." The old man picked a starfish out of his pail, threw it as far as he could into the sea, and replied... "It mattered to that one."*
