December 10, 2020

Dear Marauder Staff:

Over the past few days I have been made aware of a few self-reported COVID-19 diagnoses. While I haven't received confirmation from the Health Department, I wanted to pass this information along to you along with current District numbers. Please be advised that if you receive a positive COVID-19 diagnosis, you should self-report this to the Health Department using this [form](#).

We recently became aware of a person at E.E. Knight Elementary School that was diagnosed with COVID-19. During our investigation, it was determined that the individual was in the school building during the time they were contagious. Therefore, there is **risk of exposure at school**. Any individual that has been deemed a close contact has been notified directly.

We also recently became aware of a person at Ovid-Elsie High School that was diagnosed with COVID-19. During our investigation, it was determined that the individual was not in the school building during the time they were contagious. Therefore, there is **no risk of exposure at school**.

Finally, we were also made aware of a person in the Transportation Department that was diagnosed with COVID-19. During our investigation, it was determined that the individual was in a school building during the time they were contagious. Therefore, there is **risk of exposure at school**, however, no close contacts were identified.

Again, we ask that all staff please monitor for the onset of symptoms related to COVID-19, including fever, cough, difficulty breathing, headache, or new fatigue. If you note any change in your health, please call your regular medical provider. Please be advised that if you are able to work remotely, you are strongly encouraged to do so. Current District numbers are attached below.

Sincerely,

Dr. Ryan L. Cunningham, Superintendent, Ovid-Elsie Area Schools #MaskUp #MarauderUp
