

**Welcome** to Tecumseh Public Schools.

Tecumseh Public Schools is located in Tecumseh, Oklahoma, approximately 45 miles south and east of Oklahoma City. Our district covers roughly 90 sq. miles and serves approximately 2,200 students in Pre-K through 12th grade at six different sites throughout our community. These sites include the following:

Krouch Early Childhood Center - Pre-K and Kindergarten  
Barnard Elementary School - 1st and 2nd grades  
Cross Timbers Elementary School - 3rd, 4th and 5th grades  
Tecumseh Middle School - 6th, 7th and 8th grades  
Tecumseh High School - 9th, 10th, 11th and 12th grades

We also provide educational services to the students at Central Oklahoma Juvenile Center. Our district serves as the Local Education Agency (LEA) for the Little River Coop which involves five other schools located in the southern part of Pottawatomie County. We offer a large variety of classes and programs to provide our students a well rounded education in academics, fine arts and athletics. The students and staff of Tecumseh Schools continue to work extremely hard to meet each individual student goal, State "Academic Performance Index" (API) and Achieving Classroom Excellence (ACE) requirements as well as Federal "No Child Left Behind" (NCLB) goals for each site and our district as a whole. While these challenges are great, together we can make them happen for our children.
