

Hawk Talk

For the week of
May 2, 2022

Hello Hawks,

May 1st is what is known as National Decision Day for our high school seniors. It's the day they decide what comes after high school — the first of many big decisions they'll make for themselves. Today we celebrated Decision Day by wearing sweatshirts, shirts, hats, and other garments celebrating colleges, universities, and the US Military. Although I know that none of our middle schoolers will be attending college next year or joining the military, many of our students already are thinking about their futures and pathways that they might follow after high school.

See the pictures of those willing to gether after lunch!
