OSTP Parent Portal: https://okparentportal.emetric.net

Families can now view their student's preliminary reports for the Oklahoma School Testing Program (OSTP) and College- and Career-Readiness Assessments (CCRA) in the OSTP Parent Portal. Please note that new enhancements have been made to the OSTP Parent Portal. One student can now be associated with up to three guardian or parent accounts, and one parent account can be tied to multiple students. The enhancements to the OSTP Parent Portal require all users to create an account as a 'First Time User' beginning June 14, 2022.

As families review the information, they may have questions about their students' results and will come to schools for information. The following resources can be found on the Test Coordinator Information Page of the Oklahoma Help & Support Site to assist you with viewing the OSTP Parent/Student Portal and to help you support families. https://oklahoma.onlinehelp.cognia.org/test-coordinator-information/
