

**HUMAN RESOURCE****EXTRACURRICULAR ACTIVITIES ASSIGNMENTS**

The Ohio County Board of Education vigorously supports the provision of extracurricular activities as an important opportunity to enhance the physical, psychological, social, emotional, character and cognitive development for students. To that End, the administration is directed to develop regulations and extracurricular activities assignment contracts that embody provisions for the highest quality of standards for both staff and students engaged in those activities.

The role model of coaches and sponsors of extracurricular activities for students is so influential that every effort must be made by the administration to assure that those recommended for assignment meet exemplary standards and continue to exemplify those standards after appointment.

All extracurricular assignments shall be made in accordance with applicable provisions of the WV Code, WV State Board of Education policies, WV Secondary Schools Activities Commission policies and Ohio County Board of Education policies.
