Community High School District 117 Families,

Earlier this week I had communicated the need to extend remote learning due to the surging COVID-19 virus as shown in the Lake County Health Department public health data. The local and county Incidence rate unfortunately continues to climb. Below is a calendar for the month of November; as noted, the District will remain in remote learning for the next two weeks. The District will continue to monitor the [Lake County Health Department](#) data and if the incidence rate falls and remains below 14 cases per 100,000 people, beginning Monday, November 23 In-person learning will resume the following week on Monday, November 30. Please anticipate an update regarding possible in-person learning the week of Thanksgiving break.

We want to hear from you! District 117 continues to value the input of each group within our community. We are in the process of providing a survey to our students and staff that will contribute valuable feedback for possible adjustments and next steps on the road back to an eventual return to full in-person learning. Instances of formal surveys are chosen carefully and we feel now is the time to capture an update on the views of our parents. The survey link below includes questions related to feedback on learning models, school public health measures, communication, student needs, and cultural awareness and action. The survey is accessible now through Friday, November 20. We hope that you will be able to give approximately 14 minutes to participate and are deeply thankful for sharing your valuable time and thoughts. Thank you for your partnership in providing an excellent education to all students within District 117!
