An Easter Tale by: Katelynn

The little duck woke up on Easter morning, but to his surprise there were no eggs nor were there any Easter baskets. The little duck was so confused, so he decided to look outside for his Easter surprise. As he waddled out to his backyard, he discovered his entire family waiting for him with colorful eggs spread all over the yard and a giant easter basket filled with chocolate Easter bunnies and all of his favorite goodies. After his family finished hunting for eggs and stuffing their faces full of candy, they ended their Easter holiday with a huge feast with all of their relatives.

PICKLES ARE THE BEST!

BY: RYLEIGH & DANEYSI

Pickles have many pros and, surprisingly, hardly any cons. One pro you might not be aware of is that pickles are full of good bacteria called probiotics which are important for gut health and help fight diseases! Daneysi and I scoured the school to ask our fellow 8th graders their opinion's of pickles. Some replies were:
Emersyn Ware-"I got depressed when they were not at the soccer game."

Avery Durham: bumpy, green, juicy, yummmmmmy,

Daya Boman- "I cannot live without pickles!"

Hayden Connell- "I eat pickles with sugar"

Lainey Crawford- "pickles are the BOMB"

Perla Silva- "I add pickles to everything."

Luis Padron-"I dream of pickles."

It is safe to say, based on their responses, that pickles are CMS' favorite snack.
