- Decrease in revenue,
- Decrease in student enrollment,
- Changes in educational programs or curriculum,
- Cancellation of programs, or
- Any other circumstances determined by the board.

The principal shall specify in the petition the underlying facts supporting the granting of career status to the teacher;

Probationary teacher means a teacher who:

REDUCTION-IN-FORCE, CERTIFIED PERSONNEL (Cont.)

In the event any of the above conditions occur, every effort will be made to accomplish the necessary reduction by attrition, voluntary resignation, or voluntary retirement. Reduction-in-force will be made according to the following procedures:

1. The position will be the determining factor in a reduction, not the teacher occupying the position.
2. The primary basis used in determining the retention or reassignment of affected teachers when a school district implements a reduction-in-force plan shall be the ratings of the teachers as measured pursuant to the TLE as set forth in 70 O.S. § 6-101.16. The order of termination, for affected teachers, will be as follows:
 - A. A probationary teacher in an eliminated position will be terminated first
 - B. A career teacher in an eliminated position will be placed in a retained position in which the teacher is, at the time of the presentation of the recommendation to reduce force, certified by standard certification, provided the position is occupied by a probationary teacher.
 - C. If a career teacher is qualified for standard certification in a position held by a probationary or licensed teacher but does not have such a certificate, then such career teacher must have evidence of eligibility for such certification on file in a personnel file in the office of the superintendent at the time of the presentation of the recommendation to reduce force.
 - D. If there is more than one career teacher assigned to the position that is subject to being eliminated, the following criteria, in this order, will be used to determine which of the career teachers will be retained:
 1. Certification in a retained teaching position that is open. A career teacher with standard certification for the retained position will be retained over a probationary teacher.
 2. Seniority in continuous, full-time, contracted, certified employment in the district. (Approved medical leave shall not result in a break in service.)
 3. If certification and seniority are the same according to the above criteria, the determining factors in order of importance are:
 - a. Years of teaching experience in the retained position in the local school district.
 - b. Academic degree status:

A teacher with a doctor's degree will be retained over a teacher with a master's or a bachelor's degree; a teacher with a master's will be retained over a teacher with a bachelor's degree.
 - E. If there is more than one probationary teacher in the position being reduced, the criteria listed in D, 1 through 3, will be used in determining which probationary teacher or licensed teacher will be retained.

Personnel whose employment is terminated under the provisions of this policy shall be given priority for reemployment to fill subsequent vacancies in positions for which they have standard certification. Such

reemployment shall be in reverse order of termination according to the provisions of this policy. Priority for reemployment shall extend through one year after the hiring date.

Any person terminated under the provisions of this policy who wishes to be considered for future vacancies must make formal application for a teaching position and must notify the superintendent by certified mail, restricted delivery, within ten (10) days following final board action on the termination, of the teacher's desire to remain an active applicant for a teaching position.
